Detailed information

Type of organization

Government agency (National/Federal)

Areas of work

General biosafety

Information exchange and data management (including the Biosafety Clearing-House)

EN

CBD Thematic areas

Biosafety and Biotechnology

Cartagena Protocol on Biosafety

Organization's profile

The mission of the Humboldt Institute is to promote, to coordinate and carry out research that contributes to the conservation and sustainable use of the biological diversity in Colombia.

EN

Additional Information

To achieve this objective the Institute operates with six strategic programs: Biodiversity Inventory, Conservation Biology, Use and Valuation, Policies and Legislation, Communication and Information, and Training.

The institute took the lead for the Implementation of the National Biosafety Framework in Columbia.
