### Information on the content of the resource

Summary, abstract or table of contents

The reports in this record include results from baseline surveys conducted by various Parties, other Governments and relevant organizations as part of the implementation of the programme of work on public awareness, education and participation concerning the safe transfer, handling and use of living modified organisms (LMOs) for the period 2011-2015. The programme of work was adopted by the governing body of the Cartagena Protocol on Biosafety in October 2010.
