Information on the content of the resource

Summary, abstract or table of contents

The aim of this toolkit is to provide a practical "how-to" guide for countries to assist them in developing their draft National Biosafety Framework (NBF).

* Phase 0: Starting The Project:

* Phase 1: Taking stock:

* Phase 2: Consultation and analysis:

* Phase 3: Drafting the NBF:

- i) formulation of the regulatory regime (available in French, Spanish, Arabic and Russian)
- ii) designing the administrative systems for handling applications and notification

EN

Keywords for facilitating searching for information in the clearing-houses

Biosafety Thematic Areas

- Biosafety policy and regulation
 - National administrative frameworks
 - National decision-making system
 - National policies
 - National/Domestic regulatory frameworks or guidelines
- Capacity-building and financial resources
 - Institutional capacity development
 - Project design, monitoring and evaluation
 - Training
- Public awareness, education and participation
 - Public participation

Does this resource address one or more specific LMOs?

No

Does this resource address one or more specific organisms?

No

Does this resource address one or more specific genetic elements?

No

Additional Information
